ANALYSIS

This rush generated 29,394 successful hits in 60 seconds and we transferred 281.18 MB of data in and out of your app. The average hit rate of 490/second translates to about 42,327,360 hits/day.

The average response time was 234 ms.

You’ve got bigger problems, though: 37.68% of the users during this rush experienced timeouts or errors!

RESPONSE TIMES

FASTEST: 132 ms
SLOWEST: 340 ms
AVERAGE: 234 ms

TEST CONFIGURATION

REGION: VIRGINIA
DURATION: 60 seconds
LOAD: 1-2000 users

OTHER STATS

AVG. HITS: 490/SEC
DATA TRANSFERED: 281.18 MB

HITS

This rush generated 29,394 successful hits. The number of hits includes all the responses listed below. For example, if you only want HTTP 200 OK responses to count as Hits, then you can specify --status 200 in your rush.

<table>
<thead>
<tr>
<th>CODE</th>
<th>TYPE</th>
<th>DESCRIPTION</th>
<th>AMOUNT</th>
</tr>
</thead>
<tbody>
<tr>
<td>200</td>
<td>HTTP</td>
<td>OK</td>
<td>29394</td>
</tr>
</tbody>
</table>

ERRORS 30.46% (14368)
TIMEOUTS 7.22% (3408)
HTTP 200 OK 100% (29394)

ERRORS

The first error happened at **25 seconds** into the test when the number of concurrent users was at **831**. Errors are usually caused by resource exhaustion issues, like running out of file descriptors or the connection pool size being too small (for SQL databases).

<table>
<thead>
<tr>

<tbody>
<tr>
<td>23</td>
<td>TCP</td>
<td>Connection timeout</td>
<td>14368</td>
</tr>
</tbody>
</table>

TIMEOUTS

The first timeout happened at **27.5 seconds** into the test when the number of concurrent users was at **915**. Looks like you’ve been rushing with a timeout of **1000 ms**. Timeouts tend to increase with concurrency if you have lock contention of sorts. You might want to think about in-memory caching using [redis](https://redis.io), [memcached](https://memcached.org) or [varnish](https://varnish-cache.org) to return stale data for a period of time and asynchronously refresh this data.
The max response time was: **340 ms @ 1332 users**

The max hit rate was: **680 hits per second**
